FACTORY & BRAND INTRODUCTION

Meet Elegant

Elegant is an Egypt-based sleepwear and homewear factory focused on comfortable, commercial collections for wholesale partners. The range is built around familiar fits and proven silhouettes - from cotton sets to velvet winter styles, satin separates, ribbed loungewear and nightshirts.

For international clients, our purpose is simple: make it easier to build a dependable homewear offer with a broad material story, coordinated colours and size-led merchandising.

Comfort made for every day.

VERTICALLY INTEGRATED MANUFACTURING

From yarn to final product

The complete production journey is managed through Elegant. One manufacturing partner coordinates every stage - transforming yarn into finished, buyer-ready garments with continuity, accountability and control.

01 Yarn & inputs

Material selection aligned with the product brief.

02 Knitting

Fabric construction developed for the required hand feel and performance.

03 Dyeing

Colour development and dyeing coordinated for collection consistency.

04 Printing

Print execution integrated into the production plan.

05 Sewing

Garment construction from approved patterns and specifications.

06 Quality control

Checks across production before goods move to packing.

07 Packaging & final products

Finished garments are prepared for dispatch according to the agreed wholesale presentation and packing requirements.

A coordinated end-to-end process gives buyers one clear production relationship with Elegant.
